

## Preface

I am happy to give my personal endorsement to the publication of the book entitled *Mary, Coredemptrix, Mediatrix, and Advocate Theological Foundations III: Contemporary Insights on a Fifth Marian Dogma*. This series of articles on Our Lady beautifully articulates what is already in the hearts of so many of the Marian faithful in the Philippines. Our love for Our Lady, thee lady of All Nations, the Mother of All Peoples, is manifest and generous throughout the Philippines as both our history and experience show her great motherly love and protection.

This latest work will greatly contribute towards an in-depth theological understanding on Our Lady's important and unique role in the story of the Redemption. And, the more we can theologically understand her role, the more we can lay the foundation for an authentic Marian devotion. For this reason, I am glad to give this endorsement for the book's distribution.

Cardinal Ricardo J. Vidal  
Archbishop of Cebu
